

September 14th–School based PD Day (pm only)

School: New Sarepta Elementary

PD Goal:

Teachers will:

1. Create categories and weightings in their PowerTeacher Pro gradebooks
2. Create assessment items to report learning to students and parents
3. Explore how to use PowerTeacher Pro as a student achievement communication tool

What data are you using to focus on this goal?

The implementation of PowerTeacher Pro at our school necessitates that teachers are given training on the tool and time to create their sections and assignments under the guidance of our PowerTeacher Lead Teachers.

PD Activit(y)ies:

1. Presentation on how to best use PowerTeacher Pro by our school's PowerTeacher Pro Lead Teachers
2. As a follow up to that presentation, teachers will be given the opportunity to set up their gradebooks with the lead teachers there to assist and answer any questions.

Division Alignment:

- ✓ Assessment
- ✓ Parental communication / engagement
- ✓ Student achievement
- ✓ Teacher efficacy

Success Indicators:

Teachers will leave the session with a better understanding of how PowerTeacher Pro works, having set up their grade books and starting to add assessments into the program.
